

Healthy Heads Talk No 2.

Head health

This Healthy Heads Talk is about how we should think about our mental health the same way we think about our physical health. Familiarise yourself with the 'Understanding the basics' section in the Workforce Handbook.

Take the time to have a couple of rehearsals, using the following script as a guide. Don't be afraid to find your own words.

Just remember, we want to clear, concise and approachable.

We want people to nod and think 'that makes sense'.

Slide 1 – Head health

Script

We all need to think and talk about mental health and wellbeing.

This Healthy Heads Talk is about how to think about our mental health in a positive way.

Slide 2 – We need to look after our mental health the same way we look after our physical health.

Script

We need to look after our mental health
the same way we look after our physical health.
You may have heard me talk about this before.
It can be a shift in thinking for some of us, and a good shift.
And like how we look after our physical health,
we do couple of things instinctively.
Be aware of how we feel.
And seek help when we need.

A blue rectangular slide with white text and a list. In the top left corner is the 'Healthy Heads in Trucks & Sheds' logo and text. In the top right corner is 'Talk No. 2'. The main text is 'We need to look after our mental health the same way we do our physical health.' Below this is a bulleted list with two items: 'Being aware' and 'Knowing when to seek help'. In the bottom right corner is a small number '2'.

 Healthy Heads in Trucks & Sheds Talk No. 2

We need to look after our mental health the same way we do our physical health.

- Being aware
- Knowing when to seek help

Slide 3 – Our physical health.

Script

Our physical health is a variable thing with many shades from fit and healthy to unwell.

Most of the time we're somewhere down the green end.

Maybe shifting to middle with a sprain or a bad cold.

But when we get down in the red end, we seek expert medical help.

 Healthy Heads in Trucks & Sheds

Talk No. 2

Our physical health.

FULLY FIT **UNWELL**

Optimal physical health **Physical health concern** **Physical health condition**

Positive and healthy functioning at work and home **Mild or temporary impact on functioning at work and home** **Moderate to severe impact on daily functioning at work and home**

Slide 4 – Our mental health.

Script

Our mental health is also a variable thing.
 We all have up days and down days.
 It is ever changing.

Again, most of the time we're somewhere down the green end.
 Occasionally shifting to middle when stuff happens to us,
 our family, or life's pressures just get on top of us.
 A lot of the time, we can cope.

We shift back into the green.
 But other times we get down in the red.
 That's when just like with physical problems,
 it's only right we seek help.

What kind of things do you think shift us towards the red end?

Action note: *Depending on your group you could get lots of input.
 And if you get silence, lean into it for a moment. It can be powerful.*

Slide 5 – Our mental health.

Script

Having good mental health and wellbeing is more than something we have. It's something we do. And what we need to do is be aware of how we are feeling. Only when we identify change can we do something about it. It's something we need to tune into.

Here are some behaviours or symptoms that may identify change, in yourself, or someone else.

You'll find this in the Handbook.

It's worth finding time to take a look.

For example...

Action note: Read out some examples from green to red

This Handbook is available online for Members.

It's free to join at healthyheads.org.au.

Slide 6 – Support online and on hand.

Script

As ever there's heaps more on the website and on the Healthy Heads App.
Stuff to learn and watch and where to find support.

Any questions?

The screenshot shows the Healthy Heads website on a laptop and the Healthy Heads App on a smartphone. The website features a navigation menu with links for Home, Learning Hub, Workforce Handbook, and About Us. The main content area has a header with the text "We champion mental health and wellbeing for all people working in trucks and sheds" and a sub-header "Why Healthy Heads in Trucks & Sheds?". The app interface displays a welcome message and several sections: "Wellbeing check in", "Spreading awareness", "Learning and resources", and "Find help and support".
